

F Song
Fine

Verse 1

"How was your day?" they say. "How was your school?" they ask.

"*Fine*," I reply. "*All fine*."

"How was the test?" they ask. "How are your grades?" they ask.

Fine. They're *fine*. All *fine*.

Chorus:

Fine fine my favorite line.

Fine is a word that I own.

If they ask me I just reply *fine*.

Then they will leave me alone.

Verse 2

"How is your homework? How are your friends?"

"*Fine*," I reply. "*Just fine*."

"How do you feel? How are you doing?"

Fine. Just *fine*. All *fine*.
