

A Change

C G C G

I believe, I believe.

C G C G

I believe there's a change.

F G C G F C

I really believe there's a change in the making.

G C G

I believe, I believe.

There's a change going on.

Rearrange and be one.

I really believe that change will soon be here.

I believe I believe.

Refrain:

F G C G

No longer a paradigm.

F G C G

I do not wish to miss it this time.

F G C G F C

It's a change I really want to be a part of.

G C

I believe. I believe.

I believe, I believe.

I believe there's a way.

I really believe there's a way to achieve that.

I believe. I believe.

There's a change going on.

Rearrange and be one.

I really believe there's a change in the making.

I believe. I believe.

That you'll never, never, never have to be hurt again.
