(

Nothing about you would I ever want to change.

C F C

Nothing would I add, enhance, erase, or rearrange.

F

Not a single pixel out of place on you.

C

Not a touch up to your face would I ever do.

C F C

Picture perfect is the way that you are.

Verse 2:

Brown locks of hair are of the finest hue. Wide shining eyes are of the brightest blue. Smooth skin is of the highest tone. Full lips are ones I've never known. Picture perfect is the way that you are.

Break:

Your image fills my computer screen. Like the cover of a fashion magazine. Not a bit of Photoshop has it ever seen. Nothing's better than the way that you are.

Verse 3:

Did I draw you too good to be real?
A phantom vision of my true ideal.
Someone like you I know I will never find,
So you're saved in the hard drive of my mind.
Picture perfect is the way that you are.
Nothing's better than the way that you are.
