

Ice Jigging Jig

Verse one:

Jigging in the hut through a drilled ice hole.
With a jig on the line of the two-foot pole.
Hoping for walleye or maybe a pike.
Could a bass or sunny be willing to strike?

Refrain:

But we're out on the ice all day and night,
In our tiny shack without a single bite.
Then a guy said we weren't doing it right
Jiggle it a little they'll put up a fight.

Chorus:

Jiggle the jig. Jiggle the jig.
If you jiggle it a little you'll catch something big.
Don't just sit there, start wiggling that rig.
And do the Ice Jigging Jig.

Verse two:

Winters are dark with yards of snow,
And temperatures drop to thirty below.
But it's the best time for us to take,
Our fishing shanty out on the lake.

Refrain:

Now outside blows a blizzardly storm,
But in the cozy hut we're snug and warm.
We're together who could ask for more?
Jiggling it a little right through the floor.

Chorus:
