

London Night

G
I met her in a London theater
F
I tried, tried not to lie
G
All my life I tried to meet her
F
And now I wonder why.

I asked her out for a pint and dinner.
And I tried, tried not to lie.
Thought of things to try and win her.
And now I wonder why.

Lovely

Slowly we walked the Strand.
And I tried, tired not to lie.
Cautiously I took her hand.
And now I wonder why.

In Covent Garden I kissed her forehead
And I tried, tried not to lie.
Remembered every word she said.
And now I wonder why.

Lovely
music

I slipped my arms around her in Soho.
And I tried, tried not to lie.
Feared that she would soon say no.
But I now I wonder why.

Next we strolled across Leister Square
And I tried, tried not to lie
Took her home on a taxi fare.
And now I wonder why

Lovely
