

R Song

3-R's

Verse 1

The 3-R's are bizarre!
Only one begins with R.
Reading, writing, arithmetic, are what they are.
Why can't they all start with R?

Chorus

Dear 3-R's intel,
Who might read, write, do math well,
But as far as I can tell,
You might need to learn to spell.

Verse 2

Me and my guitar,
Sing about the new 3-R's,
Are you ready? Are you listening? Are you with me, so far?
Now I have to say au revoir.
