## A D

I'd like to love you always.

I don't love you anymore. You're not the one I'm looking for.

My love for you has gone away. I'd like it to stay if you'd only say.

Just give me a sign, and I'll love you always.

A signal or some line, and I'll love you always.

Da, da, da Da, da, da. Da, da, da I'd like to love you always.
