

## Happy Birthday on Mars

In the land of the red red ground,  
Another year has come around.  
Where cake or candles can't be found,  
It's a happy birthday on Mars.

*Chorus:*

Happy birthday on Mars,  
Out here among the stars.  
Where a year is longer by far,  
So we feel younger than we are.

*Verse 2*

Back on Earth it's called outer space,  
But Mars is now our cozy home base.  
Give three cheers to this awesome place.  
It's a happy birthday on Mars.

*Chorus:*

*Chorus repeat:*
