

Dilly Dally

Verse 1

Andrew would always procrastinate.
That's why, his math was always late.
Instead of work he drew oodles and oodles,
Of springs, cubes, and other kinds of doodles.

Verse 2 (high)

Teacher said, "No work, no fun.
No recess until your math is done."
But when he stomped out the door,
Andrew checked his doodles and drew some more.

Refrain:

Oh, what a surprise, when right before his eyes,
From the math sheet his best doodles grew.
"Dilly and Dally is our name, and here is our game,
We'll do all your math work for you."

Verse 3

Andrew leaned back to enjoy the show.
Doodles doing your work was the way to go.
Until Dilly and Dally refused to stop,
And did the math on every other desktop.

Verse 4 (high)

Around the room Andrew had to race,
What Dilly and Dally drew, he had to erase,
He wiped away the last doodle mess,
As the bell rang to end recess.

Refrain

After getting burned, he knew what lesson was learned,
While his class came filing through the door.
"From now my work I'm, getting done on time,
And I won't dilly-dally no more."

"From now my work I'm, getting done on time,
And I won't dilly-dally no more."
